

Notes: This spreadsheet ranks wards in Greater Manchester by their 'after housing costs' child poverty rate from highest to lowest. This is done using data published by End Child Poverty in 2019. The data also ranks areas based on the proportion of the population in a ward classified as black and minority ethnic (BAME) in census data. The higher the proportion of people who are BAME in a ward the higher the rank. This data shows that areas with the highest BAME populations in Greater Manchester are often the areas with the highest rates of child poverty.

Local authority area	Ward	GM Child poverty rank (after housing costs)	GM BAME rank
Oldham	Werneth	1	1
Oldham	St Mary's	2	6
Oldham	Coldhurst	3	3
Manchester	Longsight	4	4
